

The Spatial
Biology Tour™

Oct **12**

University Medical Center Hamburg-Eppendorf

Host: Dr. A.V. Failla, UKE Microscopy Imaging Facility (UMIF)

Location: Seminar room 14, N-27, Martinstraße 52, 20246 Hamburg

Meet the innovators who are bringing the context of tissues to biomarkers' studies. Discover how spatial biology can help advancing your research.

- 13:00** Welcome and registration
- 13:15** Presentation by Dr. Mila Basic: *"Spatial cell profiling with hyperplex immunofluorescence"*
- 14:00** Presentation by Dr. Mario Kreutzfeldt: *"Spatial biology: From nowhere to know where"*
- 14:45** Coffee and networking
- 15:00** Presentation by Dr. Lars Pedersen: *"A complete workflow for multiplex image analysis"*
- 15:30** COMET™ on-site instrument demonstration
- 16:15** Refreshments and networking
